Partnering with Graceland University Education Department and Community Health Centers of Southern Iowa to put on this event

ACTIVITIES WE DID IN MARCH

March was a short month with Spring Break and Parent/Teacher Conferences but we were still able to have some fun!

We were able to squeeze a visit in from the Decatur County Conservation. Students are utilizing the READING-EGGS reading program during Homework and Computer Club. To see what it is all about go to www.readingeggs.com. We purchased a license for 40 students.

Students are enjoying the Library literacy time and activities. The clubs continue to be a fun filled learning activity for the students. We have Computer, Science, Art and Chess/Checkers.

Science have been learning about Newton's cradle, dinosaurs, and many other things. Their next project is to use the 3-d printer to print a dinosaur skull.

In April we are looking forward to 3 visits from Decatur County Conservation. We are also beginning to work with Community Partners and bringing in guest speakers. We are teaming together with the Graceland Education department to have a Literacy Night called "Family Game Night" We hope to see you there.

We have had a busy year! Look for information coming about our summer program.

WHAT IS READINGEGGS.COM?

Exploration Academy has purchased a license for 40 students to readingeggs.com

From the Reading Eggs website:

"Learning to read can be easy and fun! Reading Eggs makes learning to read interesting and engaging for kids, with great online reading games and activities.

And it really works!

Children love the games, songs, golden eggs and other rewards which, along with feeling proud of their reading, really motivate children to keep exploring and learning.

HOW READING EGGS CAN WORK FOR YOUR CHILD!

6-7 Years: Practice Makes Perfect

Bonus activities and lessons teach spelling, vocabulary and comprehension skills in a fun way.

7-13 years: Reading for Meaning

Reading Eggspress continues the reading journey with structured comprehension lessons, live games, an online library and more!
