

Unexpected Early Dismissal Plans

Please have plans in place for your child for unexpected early dismissals. To keep our phone lines open and to avoid last minute phone calls and messages, **we will not be calling parents to notify them of unexpected early dismissals.** Parents can sign up for one of the school alert services (information on signing up is in student handbook), listen to the radio, watch for announcements on TV (stations listed in handbook), or check the school's website. If you are not able to use these services at your workplace, have a grandparent or friend check for you.

If there is an unplanned early dismissal, (student's name)
_____ grade _____
plan is _____.
